CLINICAL INFECTIOUS DISEASES SOCIETY

Dr. Milan Chag

FROM THE DESK OF THE CHAIRMEN

Dr. Chirag Doshi

Dear esteemed members of the Indian Society of Heart and Lung Transplantation,

We are honored to invite you to the 5th Annual Conference of the Indian Society of Heart and Lung Transplantation (INSHLT) that is being held in Ahmedabad on October 18-20, 2024. INSHLT has consistently played a pivotal role in fostering advancements in the field of cardiac and pulmonary transplantation, facilitating knowledge exchange, and promoting excellence in patient care. Our society's commitment to the continual development of transplant medicine has established us as frontrunners in the region.

This conference serves as a platform for experts, practitioners, and researchers to come together, share their experiences, and contribute to the further growth of heart and lung transplantation in India. The theme for this year's event, "**LEARN FROM THE PIONEERS**" appropriately captures the essence of our collective pursuit.

Throughout the conference, we will have the privilege of hearing from distinguished speakers who have dedicated their lives to the pursuit of excellence in this field. They will shed light on the latest research, technological innovations, and best practices, providing us with invaluable insights and inspiring us to raise the standard of care.

Moreover, we aim to encourage collaborative efforts among healthcare professionals, researchers, and policymakers, fostering an environment that nurtures cooperation and innovation. By coming together, we can address the challenges we face and work towards finding effective solutions that improve patient outcomes and enhance the quality of life for transplant recipients.

As we embark on this conference, I urge you all to actively participate, engage in stimulating discussions, and make the most of this invaluable opportunity to learn and network. Let us embrace the spirit of collaboration, push the boundaries of our knowledge and capabilities, and continue our noble mission of bringing hope into the lives of those in need.

Let us work together to make a lasting impact in the lives of our patients and advance our collective understanding of cardiac and pulmonary transplantation.

Warm Regards,

Dr. Milan Chag

Organising Chairman
INSHLT, Ahmedabad

Dr. Chirag Doshi

Organising Co-Chairman
INSHLT, Ahmedabad

FROM THE DESK OF THE SECRETARY

Dr. Dhiren Shah

Dear Friends,

We are excited to extend an invitation to you for the upcoming **5th Annual National Conference on Indian Society of Heart and Lung Transplants (INSHLT) in India**. With the increasing number of heart and lung transplants in our country, this conference serves as a crucial platform to share insights, advancements, and collaborative efforts in this rapidly evolving field.

The conference aims to bring together leading experts, researchers, and practitioners to discuss the latest innovations, challenges, and opportunities in heart and lung transplantation. Your participation will contribute significantly to the exchange of knowledge and the advancement of transplant-related healthcare in India.

We look forward to your presence at this important event, as your expertise and insights will undoubtedly enrich the discussions and contribute to the collective progress in the field.

Thank you for your consideration, and we hope to see you at the 5th Annual National Conference on Indian Society of Heart and Lung Transplants (INSHLT) in India.

Best Regards,

Dr. Dhiren Shah
Organising Secretary

CONNECT WITH INTERNATIONAL PIONEERS

Dr. Ankit Bharat M.B.B.S.

Chief of Thoracic Surgery in the Department of Surgery, Northwestern Medicine, Chicago, USA

Dr. Ankit Bharat holds the esteemed position of Chief of Thoracic Surgery at Northwestern Medicine. Dr. Bharat completed his medical education and training at premier institutions, earning accolades for his dedication and proficiency. His clinical practice at Northwestern Medicine focuses on providing state-of-the-art care to patients with complex thoracic conditions, including lung cancer and esophageal disorders. His work has been published in prominent medical journals and presented at international conferences. He is a part of several professional societies and is a prominent speaker.

Dr. Hiroshi Date M.D.

Chairman and Professor, Department of Thoracic Surgery, Kyoto University, Japan

Dr. Hiroshi Date, MD, serves as the Chairman and Professor in the Department of Thoracic Surgery at Kyoto University, Japan. Dr. Date achieved a significant milestone by successfully performing the first living-donor lobar lung transplantation in Japan. Since then, he has conducted approximately 400 lung transplants, resulting in a 70% survival rate at the 10-year mark. Dr. Date has performed more than 4,000 thoracotomies and has authored more than 600 peer-reviewed publications in various fields of general thoracic surgery including thoracic malignancy and lung transplantation. Dr. Date's groundbreaking work and continued contributions to thoracic surgery have established him as a prominent figure in the medical community, both in Japan and internationally.

Dr. Jignesh K. Patel M.D., PhD

Cedars-Sinai California Heart Center, California, USA

Dr. Jignesh Patel is a distinguished physician-scientist affiliated with the Cedars-Sinai California Heart Center in California, USA. He holds dual qualifications with an M.D. and a Ph.D., reflecting his comprehensive expertise in both clinical practice and research.

Dr. Kewal Krishan M.D.

Associate Professor of Clinical Surgery
Surgical Director of Mechanical Circulatory Supports
Division of Cardiovascular Surgery, Temple University Hospital & Lewis Katz School of Medicine, Philadelphia, PA

Dr. Kewal Krishan holds the esteemed position of Associate Professor of Clinical Surgery and serves as the Surgical Director of Mechanical Circulatory Support at Temple University Hospital, affiliated with the Lewis Katz School of Medicine in Philadelphia, PA. Dr. Krishan is recognized for his expertise in cardiovascular surgery, particularly in the management of mechanical circulatory support devices. Dr. Krishan's leadership in the Division of Cardiovascular Surgery at Temple University Hospital underscores his commitment to excellence in patient care, education, and research. He has several papers published under his name and is a part of several professional associations.

CONNECT WITH INTERNATIONAL PIONEERS

Dr. Peter Jaksch M.D.

Department of Thoracic Surgery, Medical University of Vienna,
Vienna, Austria

Dr. Peter Jaksch is a renowned doctor and an academician who is currently serving at the Department of Thoracic Surgery, Medical University of Vienna. Dr. Jaksch has been a member of several professional societies like ISHLT, ERS, OGP etc. His research has been widely published in esteemed medical journals, and he has been a key figure in advancing new techniques and improving patient outcomes. He has been in the editorial committee of several scientific journals and has been an eminent speaker in several National & International congresses. Throughout his career, Dr. Jaksch has received numerous accolades for his contributions to the field, including national and international awards. His commitment to education and mentorship has also made him a respected educator, shaping the next generation of thoracic surgeons.

Dr. Peter Macdonald FRACP, PHD, MD, FCSANZ

Medical Director, Heart Transplant Unit,
St Vincent's Hospital, Sydney

Dr. Peter Macdonald is a Conjoint Professor of Medicine in the University of New South Wales, Medical Director of the Heart Transplant Unit at St Vincent's Hospital, Sydney and Head of the Transplantation Research Laboratory at the Victor Chang Cardiac Research Institute. His major research interests over the last 30 years have been in the areas of heart failure, pulmonary hypertension, heart transplantation, donor management and organ preservation. He has co-authored over 400 peer-reviewed manuscripts. Dr. Peter's contributions have earned him recognition both nationally and internationally, solidifying his reputation as a leading expert in heart transplantation and cardiac research.

Dr. Richard C. Daly FRACP, PHD, MD, FCSANZ

Department of Cardiovascular Surgery
Mayo Clinic, Rochester, MN, USA

Dr. Richard C. Daly is a renowned cardiovascular surgeon at the Mayo Clinic and Professor of Surgery at the Mayo Clinic Alix School of Medicine. He completed his medical education and training at the Mayo Clinic, with further specialization in heart and lung transplantation under Professor Sir Magdi Yacoub in London. Dr. Daly directs Pediatric Heart Transplantation and has extensive experience in adult heart and lung transplantation, robot-assisted surgery, and minimally invasive mitral valve repair. Dr. Daly's exceptional contributions to the field have been recognized with the Mayo Clinic Distinguished Clinician Award. As the current Chair of the UNOS Heart Committee, he is instrumental in shaping U.S. national policies for organ allocation. Dr. Daly's expertise, innovation, and dedication to patient care and medical education have established him as a leader in cardiovascular surgery.

CONNECT WITH INTERNATIONAL PIONEERS

Dr. Shaf Keshavjee M.D., F.R.C.S.C

Surgeon-in-Chief, UHN,
University of Toronto, Canada

Dr. Shaf Keshavjee serves as the Surgeon-in-Chief at University Health Network (UHN) and is affiliated with the University of Toronto in Canada. He is renowned for his groundbreaking contributions to thoracic surgery and lung transplantation. Dr. Keshavjee's illustrious career spans decades, marked by pioneering achievements in the field of thoracic surgery. He specializes in advanced surgical techniques for lung transplantation, including ex-vivo lung perfusion (EVLP), which has revolutionized organ preservation and expanded the donor pool. Dr. Keshavjee has authored numerous influential publications and played a pivotal role in shaping international protocols for lung transplantation and thoracic surgery.

Dr. Venkatraman Rajamiyer FRSC, MD

Director of Heart & Lung Transplantation
Wythenshawe

Dr. Venkat currently serves as Director of Heart & Lung Transplantation and leads mechanical circulatory support at Wythenshawe. He represents the UK cardiothoracic transplant community and chairs CTAG-UK for heart transplant patients. Dr. Venkat currently serves as Director of Heart & Lung Transplantation and leads mechanical circulatory support at Wythenshawe. He represents the UK cardiothoracic transplant community and chairs CTAG-UK for heart transplant patients. He has performed over 100 heart transplants, including 10 DCD heart transplants, and pioneered the first Heartmate-3 LVAD in the UK with over 120 implants to date. Additionally, Venkat specializes in mitral valve surgery, complex redo surgery, minimal access aortic valve replacement, and lung and heart-lung transplantation.

PROGRAMME HIGHLIGHTS

18-19 OCTOBER, 2024 (FRI-SAT)

MAIN SESSIONS

(Case-based Discussion, Live-in-box Sessions, Advance Technology)

- ▶ Heart Transplantation *Location: Hall-H*
- ▶ Lung Transplantation *Location: Hall-L*

BREAKFAST SESSIONS

Location: Hall-Vegas

- ▶ 18-Oct, 2024 - Interesting Case Discussions
- ▶ 19-Oct, 2024 - Indian Jugaad in Transplantation

MEET THE EXPERT SESSION

Exclusive Discussion with Stalwarts of Heart and Lung Transplantation

FOCUSED TRACKS

- ▶ 18-Oct, 2024 - Infectious Diseases in Solid Organ Transplant *Location: Hall-A*
- ▶ 18-Oct, 2024 - Physiotherapy & Rehabilitation *Location: Hall-B*
- ▶ 19-Oct, 2024 - ECMO & MCS *Location: Hall-A*
- ▶ 19-Oct, 2024 - Heart & Lung Transplant - Histopathology *Location: Hall-B*

20 OCTOBER, 2024 (SUNDAY)

FOUNDATION TRACK: SESSION TAILORED FOR BEGINNERS

Location: Hall-H

- ▶ Setting up a Transplant Program - Infrastructure to Human Resource
- ▶ Basics of Transplantation
- ▶ Donor Optimization
- ▶ Organ Harvesting Technique (Video Session)
- ▶ Challenges in Transplantation Program

DAY-1

LOCATION : HALL - H | HEART TRANSPLANTATION
PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

07:30 AM REGISTRATION

Breakfast Sessions

08:00 AM Breakfast Session-Interesting Case Discussions
ECMO/ IMPELLA Bridge to Heart Transplant - **Dr. Ananthraman**

Session 1: Management of Heart Failure Patients

(Each talk 10 minutes and 20 min discussion after session)

Presiders **Dr. Shahid Merchant, Dr. Somu Bohra, Dr. Niraj Yadav, Dr. Hiren Kevadiya, SfHFT**

09:00 AM What's Beyond GDMT (4 Pillars) in Medical Management of Heart Failure Patients? - **Dr. K.K. Talwar**

09:10 AM Do we need to modify pharmacotherapy (e.g. RAAS inhibitors/ Amiodarone/ NOAC) once patient listed for Heart transplant? - **Dr. Nagamalesh U M**

09:20 AM CRT/ICD in Heart failure- A financial burden or a marker of the ideal pre transplant patient? - **Dr. Ajay Naik**

09:30 AM Home Milrinone - Poor man's LVAD? - **Dr.**

09:40 AM Question-Answer

Session 2: Management of heart failure patients

(Each talk 12 minutes and 24 min discussion after session)

Presiders **Dr. Anup Gupta, Dr. Tejas Patel, Dr. Kinjal Bhatt, Dr. Hitesh Shah, SfHFT**

10:00 AM Do all Heart Failure Patients Referred to Heart Transplant Team need Transplant? - Identifying the reversible Causes for Heart Failure - **Dr. Swati Garekar**

10:12 AM Management of Acute Decompensated Heart Failure with Intermacs 1 and 2 - The Right Device at the Right Time in Cardiogenic Shock - **Dr. Sonali Arora**

10:24 AM SCD (Sudden Cardiac Death) in Heart Failure Patients- Causes & Prevention - **Dr. Amit Vora**

10:36 AM Question-Answer

11:00 AM **Coffee Break**

Session 3: Evaluation of Heart Transplant Recipient

(Each talk 12 minutes and 10 min Discussion After Session)

Presiders **Dr. Sandeep Seth, Dr. Atul Maslekar, DR. Mihir Tanna, Dr. Meet Thakkar, SfHFT**

11:15 AM When and Who should go for Heart Transplant? - **Dr. Milan Chag**

11:27 AM Challenges in Right Heart Catheterization - Patients on ECMO/LVAD/Pediatric Population - **Dr. K R Balakrishnan**

11:40 AM Question-Answer

DAY-1

LOCATION : HALL - H | HEART TRANSPLANTATION
PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

Session 4: Mitral Interventions in Patients with Poor LVEF: Should we do it?

Presiders Dr. Chirag Doshi, Dr. Devaguru, Dr P C Rath, Dr. Abhishek Rajpopat, Dr. Sapra
11:50 AM Surgical Perspective - *Dr. Chandrashekhar*
11:58 AM Medical Perspective - *Dr. Ananthraman*
12:06 PM Question-Answer

Session 5: Pre Heart Transplant

Moderators Dr. Jignesh Patel/ Dr. Julius
12:15 PM Panel Discussion : Selection and Optimization of Marginal Donors
Panelists Dr. K. Balakrishnan , Dr. Anvay Muley , Dr. Rajamiyer Venkateswaran , Dr. Peter Mcdonald,
Dr. Sarveshpal, Dr. AGK Gokhale

Session 6:

Presiders Dr. Richard Saldanha, Dr. Madhav Upadhyay, Dr. Nikunj Vyas, Dr. Kunal Tamakuwala
12:45 PM Pre Transplant Frailty Assessment and Management - *Dr. Peter Macdonald*
12:55 PM Management of Sensitized Recipient - *Dr. T. Sunder*
01:05 PM Question-Answer
01:15 PM **LUNCH**

Session 7: Peri Operative Heart Transplant

Presiders Dr. Jignesh Patel, Dr. K M Cherian, Dr. Ajeet Bana, Dr. Vijit Cherian, Dr. Nageshwar Rao
02:00 PM Induction Immunosuppressants - Mandatory or Optional? - *Dr. Jayakumar T. K.*
02:10 PM Management of Surprised HLA Cross Match Positive Recipient - *Dr. Jignesh Patel*
02:20 PM Weaning from CPB of Heart Transplant Recipient - *Dr. Anoop M*
02:30 PM Special Considerations for Multi-Organ Transplants: Heart's Plus One (or Two) - *Dr. Richard Daly*
02:40 PM Question-Answer

Session 8: Peri Operative Heart Transplant

Presiders Dr. Kumud Dhittal, Dr. Kishore Gupta, Dr. Nandkumar , Dr. Manoj Durairaj, Dr. Akshay Sharma
03:00 PM Management of PGD- LV /RV - *Dr Julius Punnen*
03:12 PM Preservation Techniques of Donor Heart --OCS & Machine perfusion - *Dr. Peter Mcdonald*
03:24 PM Heart Transplant after Temporary LVAD - *Dr. Anvay Muley*
03:36 PM Question-Answer

DAY-1

LOCATION : HALL - H | HEART TRANSPLANTATION
PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

Session 9: Peri Operative Heart Transplant

Presiders	Dr. Peter Mcdonald, Dr. K R Balakrishnan, Dr. Dhaval Naik, Dr. Neeraj Kamat, Dr. Devanand
04:00 PM	Backbench Repair of Donor Heart - <i>Dr. Devaguru</i>
04:10 PM	Comparison Between Different Preservation Solutions for Donor Heart - <i>Dr. A G K Gokhale</i>
04:20 PM	Navigating Surgical Implantation Challenges- Size Mismatch - <i>Dr. Rajamiyer Venkateswaran</i>
04:30 PM	Blood Conservation strategies during Heart Transplant - <i>Dr. Abhay Gandhi</i>
04:40 PM	Question-Answer

Session 10: Peri Operative Heart Transplant

Presiders	Dr. Richard Daly, Dr. Jignesh Patel, Dr. Hemant Pathare, Dr. Sanjeev Jadav, Dr. Hiren Dholakia
05:00 PM	DCD donations and challenges in India - <i>Dr. Kumud Dhittal</i>
05:10 PM	Donor Heart with Challenging anatomy - <i>Dr. Nandkishor Kapadia</i>
05:20 PM	Heart transplantation with ABO incompatible donor - <i>Dr. Mukesh Goel</i>
05:30 PM	My Experience in Establishing Heart Transplant program in Armed Forces Hospital - <i>Dr. Sameer Kumar</i>
05:40 PM	Question-Answer

06:00 PM GBM - SfHFT

07:00 PM Oration & Inauguration

08:30 PM DINNER

DAY-1

LOCATION : HALL - L | LUNG TRANSPLANTATION PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

07:30 AM REGISTRATION

Breakfast Sessions

08:00 AM Breakfast Session-Interesting Case Discussions

Session 1: Lung Transplantation: Criteria and Donor Selection

Chair Persons :

Moderators :

- 09:00 AM Evolution of the ISHLT Consensus Statement for Selecting Lung Transplant Candidates: A review from 1998 to present and Outcome - **Dr. Apar Jindal**
- 09:10 AM Management of Patients Waiting For Lung Transplantation-**Dr. Vijil Rahulan**
- 09:20 AM Evolution of the ISHLT Consensus Statement for Selecting Lung Transplant Candidates: A Review from 1998 to Present and Outcomes - **Dr. Basha Khan**
- 09:30 AM Should Lung Transplantation Be Performed For Acute Respiratory Distress Syndrome (ARDS)?
- **Dr. Ankit Bharat**
- 09:40 AM Question-Answer

Session 2: Presurgical Strategies for Improving Lung Transplantation Outcomes

Chair Persons :

Moderators :

- 10:00 AM Traferox: Ex-Vivo Perfusion for Lung Transplantation - **Dr. Shaf Keshavjee**
- 10:12 AM Lung Transplantation: Shifting Our Perspective from Brain Death to Cardiac Death Donors
- **Dr. Kumud Dhittal**
- 10:24 AM Donor Management For Lung Transplantation - **Dr. Sarvesh Pal Singh**
- 10:36 AM Discussion

Session 3: Critical Assessments and Challenges in Lung Transplantation

Chair Persons :

Moderators :

- 11:00 AM Assessment of Frailty and Nutrition Management Preceding Lung Transplantation - **Dr. RMPL Ramanathan**
- 11:10 AM Psychological Assessment and Preparation of Lung Transplant Candidates - **Dr. Rajani Bhatt**
- 11:20 AM Understanding HLA, PRA And Immunological Reports in Lung Transplantation - **Dr. Uma Kanga**
- 11:30 AM Lung Transplantation and GERD - **Dr. Pranav Modi**
- 11:40 AM Question-Answer

DAY-1

LOCATION : HALL - L | LUNG TRANSPLANTATION PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

Session 4: Double lung transplantation vs Heart Lung transplantation in Idiopathic pulmonary artery hypertension

Moderators :

12:00 PM

Panel Discussion :

Dr. Shaf Kashavjee, Dr. Kumud Dhittal, Dr. Ankit Bharat, Dr. Jasleen Kukreja, Dr. Milan Chag, Dr. Kamran Ali

Session 5: Insights from Experts

Chair Persons :

Moderators :

12:30 PM

Can Lung Transplant Be Used As A Potential Therapy For Cancers Limited To The Lungs? - *Dr. Ankit Bharat*

12:40 PM

Evaluating Lung Transplant Candidates From The Anesthesiologist's Perspective - *Dr. Prabhat Datta*

12:50 PM

ECMO For Acute Exacerbation Of ILD As A Bridge To Lung Transplantation - *Dr. Unmil Shah*

01:05 PM

Question-Answer

01:15 PM

LUNCH

Session 6: Peri Operative lung Transplant

Chair Persons :

Moderators :

2:00 PM

Pitfalls During Lung Procurement - *Dr. Kishore Gupta*

2:10 PM

Role Of Warm And Cold Ischemia Duration In Lung Transplantation - *Dr. Govini Balasubramaniam*

2:20 PM

Techniques Of Navigating Hostile Pleural Spaces - *Dr. Jasleen Kukreja*

2:30 PM

Anaesthetic Management Of Lung Transplantation - *Dr. Jyotirmoy Das*

02:40 PM

Question-Answer

Session 7: Panel Discussion

Moderators : *Dr. Jnanesh Thacker*

03:00 PM

Panel Discussion : Size Mismatch Between Donor And Recipient

Dr. Shaf Keshavjee, Dr. Hiroshi Date, Dr. Sandeep Attawar, Dr. Kumud Dhittal, Dr. Arvind Kumar,

Dr. Ankit Bharat, Dr. T. Sundar

Session 8: Lung Transplant Surgical Insights

Chair Persons :

Moderators :

3:30 PM

Techniques For Managing Size Mismatch In Bronchial And Vascular Anastomosis - *Dr. Kamran Ali*

3:42 PM

Living Lobar Lung Transplantation: How Do I Prepare For My First Case - *Dr. Hiroshi Date*

3:54 PM

Surgical Challenges In Lung Transplantation For Pulmonary Arterial Hypertension (PAH)

- *Dr. Jasleen Kukreja*

04:06 PM

Question-Answer

DAY-1

LOCATION : HALL - L | LUNG TRANSPLANTATION
PRE OPERATIVE AND PERI OPERATIVE MANAGEMENT

FRIDAY | 18th OCTOBER, 2024

Session 9: Critical Debate: Off-Pump vs. ECMO in Lung Transplantation

04:30 PM ECMO by Decision (Dr. Jnanesh Thacker/Dr. Kewal Krishan) vs.
ECMO by Default (Dr. Sandeep Attawar /Dr. T Sundar in Lung Transplantation)

Session 10: Peri Operative Lung Transplant

5:00 PM Fluid Management After Lung Transplantation - **Dr. Harshit Bavishi**
5:10 PM Patient Blood Management For Lung Transplantation. Can We Do Bloodless Lung Transplantations?
- **Dr. Niren Bhavsar**
5:20 PM Discussion

Session 11: Panel discussion

5:30 PM Panel Discussion : Management Of A Sensitized Recipient
Dr. Peter Jaksch, Dr. Vijil, Dr. Srinivas, Dr. Suresh Rao, Dr. Vivek Singh
Moderator **Dr. Amit Patel**

07:00 PM Inauguration

08:00 PM DINNER

DAY-1

**LOCATION : HALL - A | FOCUSED TRACKS
INFECTIOUS DISEASES IN SOLID ORGAN TRANSPLANT**

FRIDAY | 18th OCTOBER, 2024

Session 1:

Chair Persons : Dr. Nitesh Shah, Dr. Milan Chag

Moderators :

- 02:00 PM Respiratory viral infections in heart and lung transplant - **Dr. Radhika Sarda**
- 02:25 PM Drug interactions and therapeutic drug monitoring- Know them to hit the right note! - **Dr. Atul Patel**
- 02:55 PM Evidence based prophylaxis for heart and lung transplant - **Dr. Surabhi Madan**
- 03:20 PM ECMO and VAD related infections-Prevention and management - **Dr. Subramanian Swaminathan**
- 03:45 PM Tuberculosis in heart and lung transplantation: considerations for screening, prophylaxis, and treatment
- **Dr. Priscilla Rupali**

04:15 PM Tea Break

Session 2:

Chair Persons : Dr. Pranav Modi, Dr. Ajay Jain

Moderators :

- 04:30 PM Indian Perspective to management of Invasive fungal infections - **Dr. Vidya Devarajan**
- 05:00 PM CMV in heart and lung transplant- newer therapeutic modalities - **Dr. Nina Khanna**
- 05:25 PM Is my patient ready for the transplant? (Pre-transplant screen and vaccination) - **Dr. Kirti Sabnis**

Session 3:

Chair Persons : Dr Dhiren Shah, Dr Pradip Dabhi, Dr Chintan Sheth

- 05:50 PM Positive Cultures from the heart and lung donor – What do I make of them? (Interactive session)
Moderator: Dr Ankit Mittal
Penalist: Dr. Bhavini Shah, Dr. Jnanesh Thakkar, Dr. Nina Khanna, Dr. Kishore Gupta
- 06:20 PM Challenging cases in Thoracic Organ transplant- Solving them across the table (Panel)
Moderator: Dr. Subramanian Swaminathan, Dr. Surabhi Madan
Penalist: Dr. Vidya Devarajan, Dr. Parikshit Prayag, Dr. Dhiren Shah, Dr. Pradip Dabhi, Dr. Chintan Sheth
- 07:10 PM JAMA -Just Ask Me Anything (all speakers)

DAY-1

**LOCATION : HALL - A | FOCUSED TRACKS
PHYSIOTHERAPY & REHABILITATION**

FRIDAY | 18th OCTOBER, 2024

10:00 AM REGISTRATION

Breakfast Sessions

11:30 AM Breakfast Session-Indian Jugaad

Session 1: Pre Operative Transplant Rehabilitation

- 11:30 AM Cardio pulmonary exercise testing (CPET) in heart transplantation
11:45 AM Renewing Life: A Lung Transplant Rehabilitation Journey.
12:00 PM Overview of rehabilitation protocols for heart and lung transplants - challenges and outcomes
12:15 PM Fueling resilience: pre and post –transplant nutrition essential
12:30 PM Heart and lung transplant rehabilitation counseling
12:45 PM **Question-Answer**

Session 2: Peri operative Transplant Rehabilitation

- 2:00 PM Team collaboration in transplant rehabilitation: enhancing interdisciplinary communication and coordination among physiotherapists, transplant physicians, nurses, and other healthcare professionals
2:10 PM Mobility and ambulation: early mobilization strategies to prevent complications post-transplant in critically ill patients
2:20 PM Unveiling exercise limitations: evaluating functional capacity after heart transplantation
2:30 PM Patient case insights in heart and lung transplant rehabilitation
2:40 PM **Question-Answer**

Session 3: Peri operative Transplant Rehabilitation

- 3:00 PM Optimizing Cardiovascular Training Post-Heart Transplant
3:15 PM Post-transplant rehabilitation protocols: tailoring exercise programs and rehabilitation strategies for Heart/ lung transplant recipients.
3:30 PM Innovative technologies in physiotherapy: exploring the role of virtual rehabilitation, wearable devices, and telemedicine in supporting transplant patients' recovery and monitoring.
3:45 PM
4:00 PM

Session 4: : Case Discussion

- 4:30 PM Case on heart transplant
5:00 PM Case on Lung transplant
5:30 PM Case on patient with ECMO
6:30 PM Case on critically ill patient
7:00 PM **Oration & Inauguration**
8:00 PM **Dinner**

DAY-2

LOCATION : HALL - H | HEART TRANSPLANTATION POST OPERATIVE MANAGEMENT OF HEART TRANSPLANT RECIPIENTS, MCS AND RECENT ADVANCES

SATURDAY | 19th OCTOBER, 2024

07:30 AM REGISTRATION

Breakfast Sessions

- 08:00 AM Interesting case on Berlin Heart - *Dr. Mukesh Goel*
08:15 AM Interesting case on PGD - *Dr. Amit Chandan*
08:30 AM Cannulation Videos- LVAD/RVAD/BiVAD - *Dr. Rajamiyer Venkateswaran*
08:45 AM

Session 1: Post Heart Transplant Management

- Presiders : *Dr. Jignesh Patel, Dr. Vijay Agrawal, Dr. Shivaji Mali, Dr. Amit Chandan, Dr. Thanigai Arasu*
09:00 AM Management of RV Failure Secondary to High PVR post Heart Transplantation
09:12 AM Advances in Management of Heart Transplant Rejections- ACR/AMR - *Dr. Suresh Rao*
09:24 AM Unique Challenges in Pre, Peri and Post Operative Pediatric Heart Transplant - *Dr. Debasis Das*
09:36 AM Question-Answer

Session 2: Post Heart Transplant Management

- Presiders : *Dr. R Ravikumar, Dr. Talha Meeran, Dr. Milan Chag, Dr. Ravindra Shetty, SfHFT*
10:00 AM Unique Challenges and Management of Recipients with Pre Transplant Altered LFT - *Dr. Sarvesh Pal Singh*
10:10 AM Unique Challenges and Management of Recipients with Pre Transplant Cardiorenal Syndrome - *Dr. Aditi Singhvi*
10:20 AM Heart Transplant for Failed Transplanted Heart - *Dr. Jose Chacko*
10:30 AM CAV- Risk Factors and Optimization – Should We Start mTOR Inhibitors to All? - *Dr. Richard Daly*
10:40 AM Question-Answer
11:00 AM Coffee Break

Session 3: Meet the Expert

- Moderators : *Dr. Dhiren Shah*
11:15 AM Meet the Expert Session
Panelist : *Dr. Jignesh Patel, Dr. Peter Macdonald, Dr. Richard Daly, Dr. K Balakrishnan, Dr. Kewal Krishan, Dr. Rajamiyer Venkateswaran, Dr. Kumud Dhittal*

Session 4: Post Heart Transplant Management

- Presiders : *Dr. Balram Airan, Dr. Sandeep Agrawal, Dr. Suresh Rao, Dr. Harshit Bavishi*
12:00 PM From A(spergillus) to Z(oster): Post-Heart Transplant Infection & Molecular Diagnosis - *Dr. Uma Nahar*
12:12 PM Maintenance Immunosuppressants Related Complications and Management - *Dr. Talha Meeran*
12:24 PM Long Term Follow up Care for Heart Transplant Recipients - How to Improve Quality of Life and Survival? - *Dr. Bagirath Raghuraman*
12:36 PM Question-Answer

DAY-2

LOCATION : HALL - H | HEART TRANSPLANTATION POST OPERATIVE MANAGEMENT OF HEART TRANSPLANT RECIPIENTS, MCS AND RECENT ADVANCES

SATURDAY | 19th OCTOBER, 2024

01:00 PM LUNCH

Session 5: Panel Discussion

Moderator Dr. Peter Mcdonald

2:00 PM **Panel Discussion** : Surveillance and Diagnosis of Heart Transplant Rejections- Role of EMBs, DSA, Liquid Biopsy, CMRI

Panelists Dr. R Ravikumar, Dr. Sandeep Attawar, Dr. Sandeep seth, Dr. Jignesh Patel, Dr. Meera Govindarajan, Dr. Jasmeet Kaur

Session 6:

Presiders Dr. Kewal Krishan, Dr. K R Balakrishnan, Dr. Mahesh B N, Dr. Bikash Sahu, Dr. Manish Maurya

2:30 PM Risk of infection induced graft loss post transplantation - *Dr. Prabin Kumar*

2:42 PM Heart Transplant Korean Experience - *Dr. Kim*

2:54 PM **Question-Answer**

Session 7:

Presiders Dr. AGK Gokhale, Dr. C. Hiremath, Dr. Prakash Ludhani, Dr. Rajesh Desai

3:00 PM Challenges and Mitigating Patient Monitoring Post Heart Transplant – Role of Remote Patient Monitoring / Electronic Registry - *Dr. Sandeep Seth*

3:12 PM Advanced Plumbing: How to Manage Complex Connections in Adult Congenital Heart Transplant Recipients - *Dr. Milind Hote*

3:24 PM **Question-Answer**

Session 8: MCS

Presiders Dr. Bala Krishnan, Dr. Rajamiyer Venkateswaran, Dr. Kewal Krishan, Dr. Jignesh Patel

3:30 PM EVA Heart - *Dr. Tadashi Motomura*

3:42 PM Patient selection - Durable LVAD - *Dr. Peter Mcdonald*

3:54 PM Management RV dysfunction during LVAD implantation - *Dr. Meherwal*

4:06 PM **Question-Answer**

Session 9: MCS

Presiders Dr. Peter Mcdonald, Dr. Sandeep Attawar, Dr. Anvay Muley, Dr. Rajnish Malhotra

4:30 PM Durable MCS- Insertion Techniques & Tips & Tricks - *Dr. Kewal Krishan*

4:42 PM Novel Approaches to Anticoagulation in LVAD - *Dr. Rajamiyer Venkateswaran*

4:54 PM Troubleshooting in LVAD Management - *Dr. R Ravikumar*

5:06 PM **Question-Answer**

DAY-2

LOCATION : HALL - H | HEART TRANSPLANTATION
POST OPERATIVE MANAGEMENT OF HEART TRANSPLANT
RECIPIENTS, MCS AND RECENT ADVANCES

SATURDAY | 19th OCTOBER, 2024

Session 10: Recent Advances

Presiders	Dr. Kumud Dhittal, Dr. Julius Punnen, Dr. Richard daly, Dr. Kim, Dr. Niren Bhavsar
5:30 PM	MCS- Newer Developmnets and Comparing Different MCS Available in Current Market - <i>Dr. Manoj Durairaj</i>
5:40 PM	Abdominal Heart Transplant - Biological LVAD + <i>Dr. Madhu Shankar</i>
5:50 PM	Xenotransplant - <i>Dr Jganesh Thakker</i>
6:00 PM	AI (Artificial Intelligence) in Heart transplant and heart failure - <i>Dr. Kunal Sarkar</i>
6:10 PM	Question-Answer

06:30 PM GBM - INSHLT

7:30 PM DINNER

DAY-2 LOCATION : HALL - L | LUNG TRANSPLANTATION

SATURDAY | 19th OCTOBER, 2024

07:30 AM REGISTRATION

Breakfast Sessions

8:00 AM **Breakfast Session:** Brief Communication; 1: 78 yr old gentleman with COVID ARDS; on Ventilator and ECMO - successfully weaned.
Breakfast Session-Brief Communication 2: *TBA*
Breakfast Session-Brief Communication 3: *TBA*

Session 1: Pre & Peri Operative Management

Chair Persons :

Moderators :

9:00 AM Physiology and Pharmacology of a Transplantated Lung - *Dr. Ajay Jain*
9:12 AM Hemodynamic Optimisation After Lung Transplantation: A Balancing Act - *Dr. Ravikanth V*
9:24 AM Pathophysiology of Ischemic Reperfusion Injury and its Management - *Dr. Ankit Bharat*
9:36 AM Airway Complications After Lung Transplantation - *Dr. Chetan Varadpalli*
9:48 AM Question-Answer

Session 2: Post Operative Critical Care

Chair Persons :

Moderators :

10:00 AM Xoport - Lung Preservation at 10 Degrees Centigrade - *Dr. Shaf Keshavjee*
10:12 AM Bronchoscopy Post-Lung Transplantation - when to do and when not to do? - *Dr. Kapil Iyer*
10:24 AM Post Lung Transplantation ECMO Management-*Dr. Suresh Rao*
10:36 AM Post Lung Transplantation - Cryobiopsies - *Dr. Harikishan G.*
10:36 AM Question-Answer

Session 3: Panel Discussion On Immunosuppression

Moderators : *Dr. Chaitanya Batu*

11:15 AM Panel Discussion on Immunosuppression
Dr. Peter Jaksch, Dr. Vijil Rahulan, Dr. Srinivas Rajagopala, Dr. Vivek Singh

Session 4: Immediate Post Lung Transplantation

11:30 AM Post Lung Transplantation Atrial Fibrillation: Protocol for Management - *Dr. Hiren Kevadiya*
11:38 AM Hyperammonemia After Lung Transplantation (HALT) - *Dr. Pradeep Kumar*
11:46 AM Delirium Post lung Transplantation: How to Prevent and How to Treat? - *Dr. Bikash Sahu*
11:54 AM Post Lung Transplantation: Early Surgical Complications - *Dr. K. R. Balasubranium*
12:02 PM CMV and Lung Transplantation Rejection – Diagnosis and Management - *Dr. Vivek Singh*
12:10 PM Point Of Care Ultrasound (POCUS) - Post lung Transplantation - *Dr. Divyang Vyas*
12:18 PM Question-Answer

DAY-2 LOCATION : HALL - L | LUNG TRANSPLANTATION

SATURDAY | 19th OCTOBER, 2024

Session 5: Discussion on Transplant Pathology & Immunosuppression

Chair Persons :

Moderators :

- 12:30 PM Diagnosis, Monitoring & Therapeutic Challenges of Acute Cellular Rejection - **Dr. Vijil Rahulan**
12:42 PM Diagnosis, Monitoring & Therapeutic Challenges of Acute Humoural Rejection - **Dr. Peter Jaksch**
12:54 PM Diagnosis Of Lung Graft Rejection & Infection: A Lung Pathologist's Perspective - **Dr. Sharda Nagoti**
01:03 PM Question-Answer
01:15 PM **LUNCH**

Session 6: Meet The Experts

- 02:00 PM Meet the expert
Dr. Shaf Keshavjee, Dr. Hiroshi Date, Dr. Ankit Bharat, Dr. Sandeep Attawar, Dr. T Sundar

Session 7: Challenging Situations in Lung Transplantation

Chair Persons :

Moderators :

- 02:45 PM Techniques in Lobar & Segmental Lung Transplantation - **Dr. Hiroshi Date**
02:57 PM COVID ARDS Challenges During Lung Transplantation - Experience Extracted - **Dr. Ankit Bharat**
03:09 PM Re-Do Lung Transplantations - **Dr. Jasleen Kukreja**
03:21 PM Management of Pleural Space Complications - **Dr. Shaf Keshavjee**
03:33 PM Novel Methods to Diagnose Rejections - **Dr. Peter Jaksch**
03:45 PM Question-Answer

Session 8: Panel Discussion - Secret Sauce of Success

Moderators : Dr. Jnanesh Thacker

- 4:00 PM **Panelists:** Dr. Devi Shetty, Dr. Sandeep Attawar, Dr. Dhiren Shah, Dr. K R Balakrishnan, Dr. Kumud Dhittal, Dr. Alla Gokhale, Dr. T. Sundar

Session 9: CLAD & Long Term Challenges in Lung Transplantation

- 4:30 PM CLAD - Etiology, Diagnosis & Management - **Dr. Srinivas Rajagopala**
4:38 PM Immunomodulation With Extra Corporeal Photopheresis - **Dr. Vijil Rahulan**
4:46 PM Immunomodulation With Total Body Irradiation - **Dr. Kapil Iyer**
4:54 PM PTLD - Post Lung Transplantation - **Dr. Chaitanya Batu**
5:02 PM Palliative Care and Lung Transplantation - **Dr. Rajani Bhatt**
5:10 PM Quality Of Life After Lung Transplantation - **Dr. Amit Patel**

Session 10: Future of Lung Transplantation

- 5:30 PM Lung Transplantation For Destroyed Lungs Due To Tuberculosis - **Dr. Zarir Udwadia**
5:40 PM Drones In Transportation Of Donor Organs/ IVLP and Autologous Lung Transplantation? - **Dr. Shaf Keshavjee**
5:50 PM Total Artificial Wearable Lung - **Dr. K R Balakrishnan**
7:30 PM **DINNER**

DAY-2

**LOCATION : HALL - A | FOCUSED TRACKS
ECMO & MCS**

SATURDAY | 19th OCTOBER, 2024

Session 1: 11 AM to 12 PM

Chair Persons :

Moderators :

Physiology of gas exchange and Oxygenation in ECMO

Overview of ECMO Circuit, set up, troubleshooting in ECMO circuit related issues - **Mr. PVS Prakash (NH perfusionist)**

Decision making process for initiating ECMO support - Indications and contraindications

Question-Answer

Session 2: 12 PM to 01 PM

Chair Persons :

Moderators :

Cannulation techniques for both VV and VA ECMO & strategies to minimize its complications

Ultrasound guided cannulation and vessel assessment

Pediatric ECMO- Differences in Cannulation strategies & circuit configurations

Question-Answer

LUNCH 01 PM to 02 PM

Session 3: 2 PM to 3 PM

Chair Persons :

Moderators :

Common Complications associated with ECMO support - **Dr. Bikas Sahu**

Prevention and management of neurological and gut related complications on ECMO

Anticoagulation protocols & management of bleeding & thrombotic complications - **Dr. Ratan Gupta**

Blood product management & transfusion thresholds on ECMO - **Dr. Hiren Dholakia**

Question-Answer

Session 4: 3 PM to 4 PM

Chair Persons :

Moderators :

Ventilator management strategies during VA & VV ECMO

Troubleshoot common mechanical issues and alarms encountered during ECMO support

ECMO utilization & management in massive pulmonary embolism and right heart failure

Question-Answer

DAY-2

**LOCATION : HALL - A | FOCUSED TRACKS
ECMO & MCS**

SATURDAY | 19th OCTOBER, 2024

Session 8: 4 PM to 5 PM

Chair Persons :

Moderators :

Techniques for ECMO assisted DCD Procurement

Challenges and management of safe transport of ECMO supported patients

Current research trends & studies in the field of ECMO

Question-Answer

Session 8: 5 PM to 6 PM

Chair Persons :

Moderators :

Hybrid ECMO configurations - Indications and challenges - *Dr. Jumana Yusuf Haji*

Weaning and decannulation strategies for VA and VV ECMO - *Dr. Sanjay O.P.*

ECPR- patient selection, cannulation strategies, complications and outcome - *Dr. Murali Kumar*

Question-Answer

Session 9: 6 PM to 7 PM

Hemodynamic management & monitoring in ECMO supported cardiac patients - *Dr. Arpan Chakravarty*

Comparison of different techniques for left ventricular decompression during VA ECMO - *Dr. Madan Kumar*

Timing of initiation of ECMO support & outcomes among patients with cardiogenic shock - *Dr. Prakash Ludhani*

Question-Answer

DAY-2

FOCUSED TRACKS HEART & LUNG TRANSPLANT - HISTOPATHOLOGY

SATURDAY | 19th OCTOBER, 2024

Session 1: Hall H - Heart Transplant Main Hall

2:00 PM **Panel Discussion** : Surveillance and diagnosis of heart transplant rejections-
EMBs, DSA, liquid biopsy, CMRI

Panelist: *Dr. R Ravikumar, Dr. Sandeep Attawar, Dr. Sandeep seth, Dr. Kumud Dhittal, Dr. Jignesh Patel,
Dr. Meera Govindarajan, Dr. Sharada Nagoti, Dr. Jasmeet*

Moderator *Dr. Peter Macdonald*

Session 2: Journey of EMB Reporting

2.40 PM Evolution of Reporting of Heart Transplant Biopsies - *Dr. Gautam Shah*

2:55 PM **Question-Answer**

Session 3: Basics of EMB Reporting

3:00 PM Pathology of Heart Transplantation : Role of Endomyocardial biopsy in the assessment of Allograft
Transplant Rejection - *Dr. Meera Govindarajan*

3:30 PM **Question-Answer**

3:40 PM C4d, CD68 and C3d interpretation of Endomyocardial biopsy in the assessment of Allograft Transplant
Rejection - *Dr. Palak Patel*

3:55 PM **Question-Answer**

Session 4: Basics of Lung Transplant Biopsies Reporting

4:30 PM Pathology of Lung Transplantation : Role of Endobronchial/Transbronchial biopsy in the assessment of
Allograft Transplant Rejection - *Dr. Sharda Nagoti*

5:00 PM **Question-Answer**

Session 5: Mimickers of Rejection

5:10 PM Morphological Mimickers of Heart & Lung Transplant rejection - *Dr. Bhavana Mehta*

5:25 PM **Question-Answer**

5:30 PM Cardiac Allograft Vasculopathy (CAV) - Role of Endomyocardial Biopsy - *Dr. Sudheer Arava*

5:50 PM **Question - Answer**

Session 6: Interesting Case Panel Discussion

6:00 PM Panel Discussion : Interesting cases of Lung Ttransplant Biopsy & Endomyocardial biopsyModerator

Panelists : *Dr. Meera Govindrajan, Dr. Sharda Nagoti, Dr. Sudheer Arava, Dr. Sandeep Seth, Dr. Julius Punnen,
Dr. Prabhas DattaDr. Bhavana Mehta*

7:30 PM **Dinner**

DAY-3

**LOCATION : HALL - C | FOUNDATION TRACK
SESSION TAILORED FOR BEGINNERS**

SUNDAY | 20th OCTOBER, 2024

07:30 AM REGISTRATION

Session 1:

Chair Persons :

Moderators :

8:40 AM Welcome Address

9:00 AM Setting up a Transplant Program-How to Approach

9:20 AM Selecting the right patient for heart Transplantation - Indications/Contraindications/Presurgical workup

9:40 AM Right Heart Catheterisation-Procedure and Inference From Data

10:00 AM Panel Discussion & Question-Answer

Session 2:

Chair Persons :

Moderators :

10:10 AM Indications for Lung Transplantation/Referral and Listing Criteria

10:30 AM Donor Optimization

10:50 AM Logistic and Surgical Challenges

11:10 AM Panel Discussion & Question-Answer

11:00 AM Coffee Break

11:15 AM Quiz - Heart & Lung Transplantation

01:00 PM NETWORKING LUNCH

Session 3:

02:00 PM Surgical videos for Heart Procurement

02:15 PM Surgical videos for Heart Implantation

02:30 PM Surgical videos for Lung Procurement

02:45 PM Surgical videos for lung implantation

03:00 PM Panel Discussion & Question-Answer

Session 4:

03:15 PM Postoperative Monitoring for Transplantation Patients

03:30 PM Primary Graft Dysfunction – How to Tackle It?

03:45 PM Immunosuppression and Medical Therapy After Transplantation

04:00 PM Long-term Outcomes of Heart Transplant and Lung Transplant

04:15 PM Panel Discussion & Question-Answer

WHO SHOULD ATTEND

- Cardiac Surgeon
- Heart Transplant Cardiologist
- Heart and Lung Transplant Anesthesiologist
- Thoracic Surgeon
- Pulmonologist
- Infectious Disease Specialist
- Pathologist
- Immunologist
- Transplant Critical Care Specialist
- Physiotherapist & Rehabilitation Specialist
- Perfusionist
- Transplant Co-ordinators

INDUSTRY SPOTLIGHT SESSIONS

Showcase Industry Latest Innovations and Cutting Edge Products

18-19 OCTOBER, 2024 (FRI-SAT)

Venue and Hotel Details

CLUB BABYLON
THE PHENOMENA
Sheraton Convention Centre

Club Babylon & Sheraton Convention Centre, Ahmedabad,

S P Road, Science City Circle,
Bhadaj, Ahmedabad, Gujarat, India

About CLUB BABYLON

Gorgeously spread over 47,000 square yards, Club Babylon & Sheraton Convention Centre has a predominant sense of vastness and opulence. Neighbour to an enchanting lake garden - a magnificent 80,000 square yards of flora and fauna, nature is in full bloom in and around Club Babylon.

Towering tall above the ground, and nestling well below it too; Club Babylon flaunts an architecture that you have hardly seen before.

Highlights of Ahmedabad:

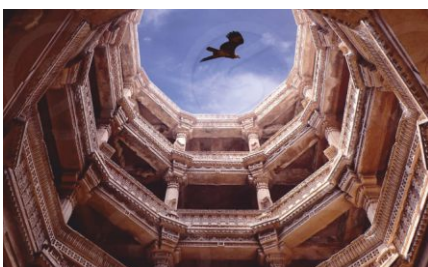

Gandhi Ashram

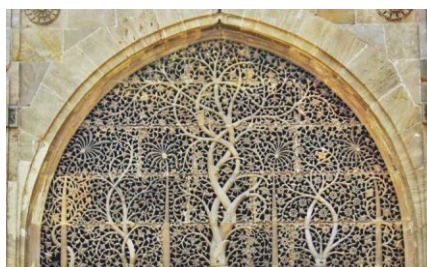

Atal Bridge

Kankaria Lake

Adalaj Stepwell

Sidi Saiyyed Mosque

Dandi Kutir

INSHLT 2024

5th ANNUAL CONFERENCE

18-20 OCTOBER, 2024 | AHMEDABAD

Registration Fee

Registration Types	Before (30th August 2024)	After (1st Sep. 2024)
01. INSHLT & SfHFT Members Registration	₹ 5000	₹ 8000
02. Non-Members Registration	₹ 8000	₹ 10000
03. Student Registration	₹ 2000	₹ 3000
04. Physiotherapy Registration	₹ 2000	₹ 3000
05. Foundation Track Registration	₹ 2000	₹ 3000

Note: Points 1 and 2 include foundation track registration.
